

A report on Students Satisfaction Survey 2019-20

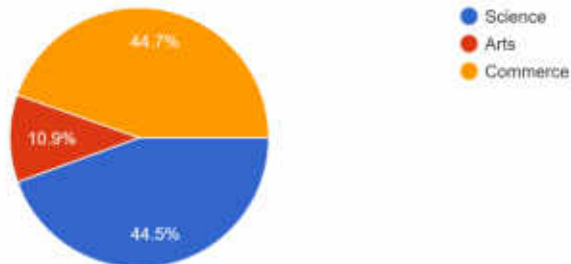

Students' Satisfaction Survey for the year 2019-20 has been conducted in online mode using a google form. The link for ensuring students participation has been shared with the students through college website, SMS and through teachers. This year 1892 students participated in the survey.

The form has been divided into two sections- First section includes primary details about faculty, gender, program offered and attendance of the students. The questions and response of the students in the form of the Pie chart is appended below.

Section I: General information

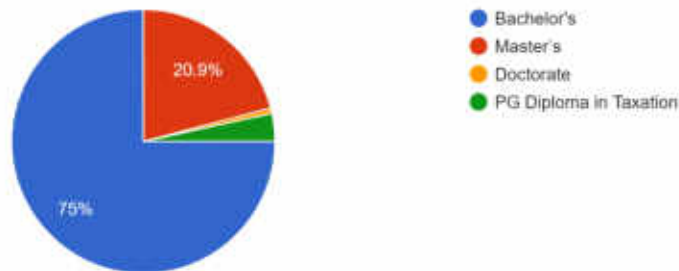

Choose your faculty:

1,892 responses

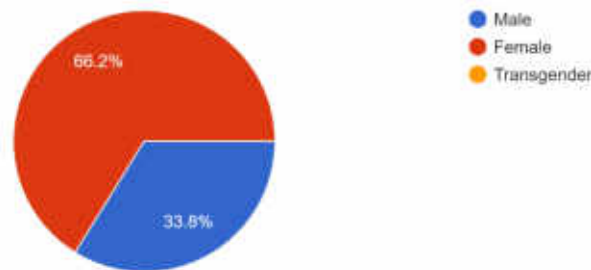

Which degree program are you pursuing ?

1,867 responses

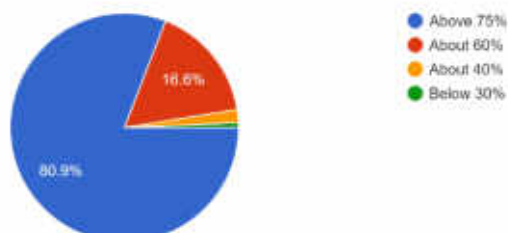

Gender

1,892 responses

Your attendance in college was about ____

1,892 responses

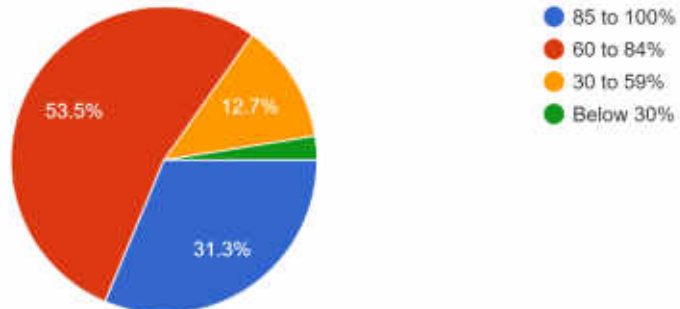

Survey about Teaching-Learning and Evaluation

There has been 10 objective questions and one subjective questions

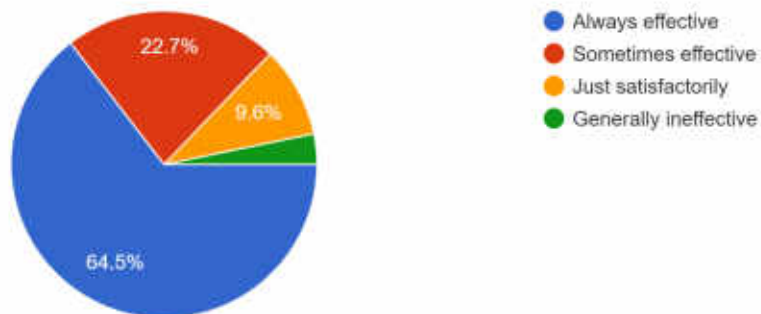

1. How much of the syllabus was covered in the class?

1,892 responses

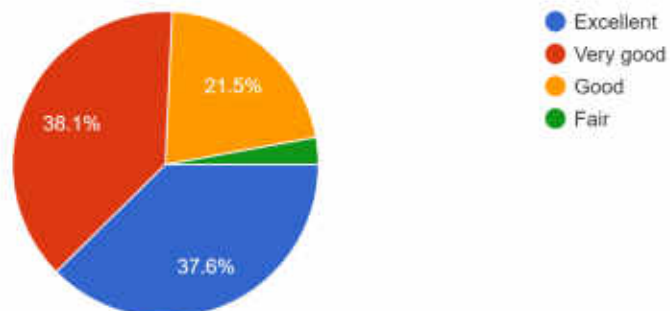

2. How well were the teachers able to communicate?

1,892 responses

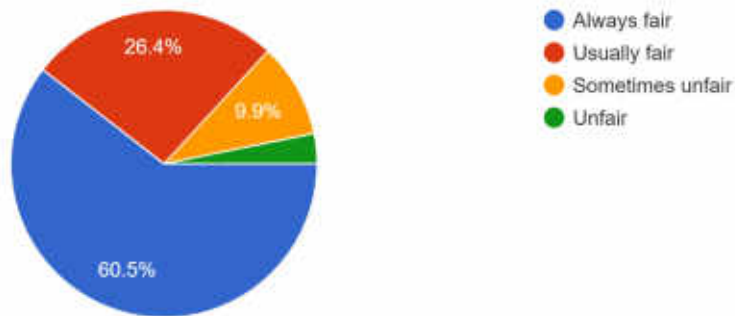

3. The teacher's approach to teaching can best be described as

1,892 responses

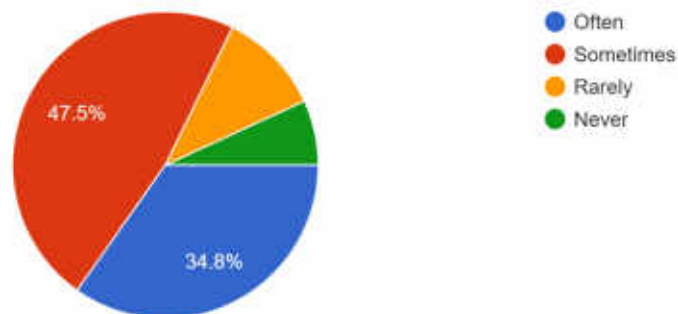

4. Fairness of the internal evaluation process by the teachers.

1,892 responses

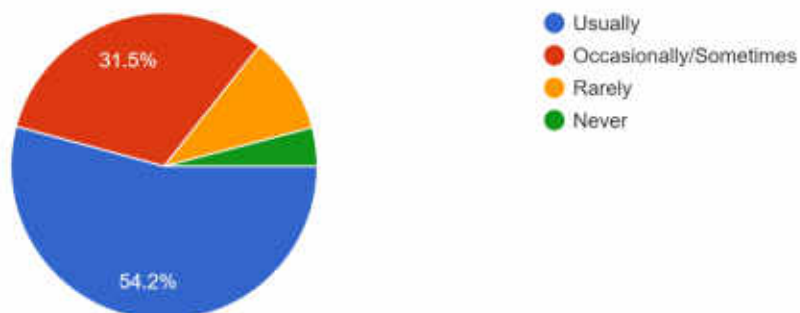

5. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

1,892 responses

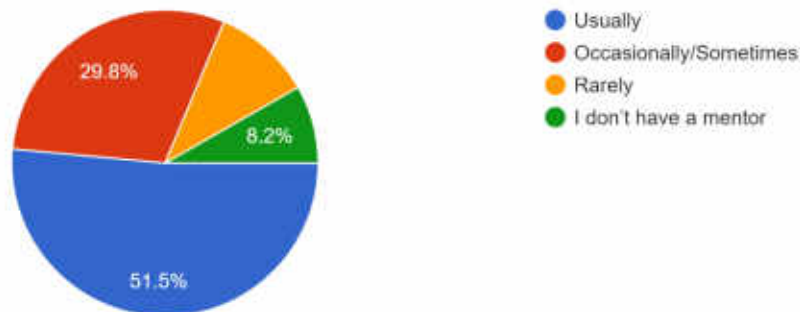

6. Teachers inform you about your expected competencies, course outcomes and programme outcomes.

1,892 responses

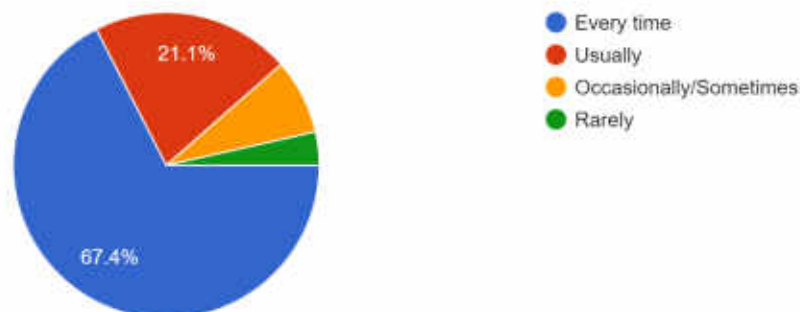

7. Your mentor does a necessary follow-up with an assigned task to you.

1,892 responses

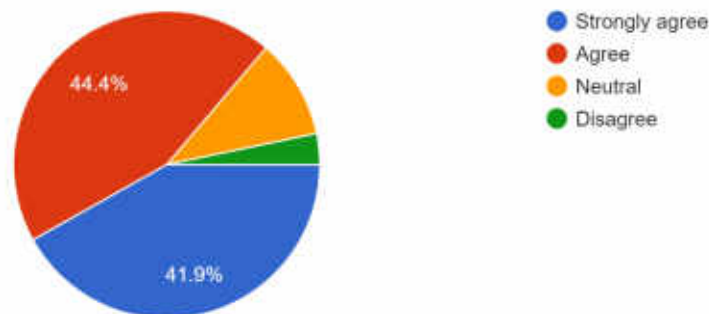

8. The teachers illustrate the concepts through examples and applications.

1,892 responses

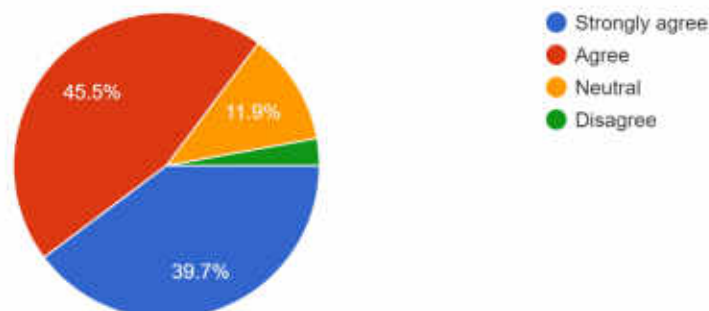

9. Teachers encourage you to participate in extracurricular activities.

1,892 responses

10. The overall quality of teaching-learning process in your institute is very good.

1,892 responses

11. Give three observation / suggestions to improve the overall teaching – learning experience in your institution

Out of 1892 students, 957 students suggested some important suggestions. Following are some significant observations:

- A. **About Teacher's Quality**- Most of the students like different teaching methods of the teachers. In all 96.8% teachers are successful to make good communication repo with students. This helps to understand the content syllabus.
- Some teacher explains the topic by correlating it with real life example.
 - More practical base teaching should be adapted.
 - Proper timetable should be implemented.
 - Necessary field visit should be arranged for practical knowledge.
 - Teachers staff of science field are very encouraging
- B. **New Courses**
- Courses about competitive examination like JAM, MPSC, SET should be started.
 - Should help in creating chances for internship.
 - Online teaching can be prefer by using college application or websites
- C. **Infrastructure, library services, etc.**
- Improve counter of collage
 - Subject related books to be available in more number
 - Library computer systems should be updated
 - Institution must promote virtual learning.
 - Enrich laboratories with more number of equipment
 - Focus on Making Spaces Where Students Can Come Together.
 - No. of water coolers should be increased.
